IMPORTANT NOTICE TO ANNUAL SUBSCRIBERS.

You can help the Hospital by completing a deed of Covenant for the payment of your subscription for a period of not less than seven years in order that the Hospital may recover Income Tax on your subscription.

All that is necessary for you to do is to be good enough to complete a form similar to the one shown overleaf and send it to the Superintendent and Secretary, Royal Hospital, Sheffield, 1, and to sign annually upon request a certificate of deduction of tax.

In case of the death of a subscriber within the seven years, the agreement becomes void and does not create any charge on his estate.

The following Tables show the advantages which will accrue to the Hospital :—

Legacies, gifts and endowments may be made to the "Sheffield Royal Hospital" as in the past, or, alternatively, if desired may be made to the "Royal Sheffield Infirmary and Hospital."

It is hoped donors will kindly remember the needs are as great, in fact greater, than in the past.

Income.—Ordinary Income at £59,374 16s. 0d. compares with £51,854 4s. 6d., and Extraordinary at £7,755 18s. 7d. compare with £1,989 18s. 3d. The totals are £67,130 14s. 7d. for 1938, and £53,844 2s. 9d. for 1937. The Hospital Sunday Fund contributed £742 19s. 7d., and Alexandra Rose Day contributed £330 14s. 5d. The Bernhard Baron Charitable Trust has sent a generous donation each year since its formation. The £150 received on 5th December, 1938, the anniversary of Mr. Bernhard Baron's death has brought the total amount received from the Trust to £1,485. For these regular gifts the Board express their thanks.

Sheffield Hospitals Council (Inc.).—Still another record by the Penny in the Pound Scheme has been reached. In 1937 this Hospital received £38,765 6s. 0d., and this was surpassed in 1938 by £4,965 3s. 3d, when the total amount received was £43,730 9s. 3d. The Hospital is playing its part by extending its usefulness, which is made possible by the magnificent Hospital spirit of the whole community. Thanks are tendered to all who have helped, whether by contribution or personal service or both, to bring about this gratifying position.

Expenditure.—The Miners' Welfare Block and Zachary Merton Convalescent Home were brought into use during the year, and the total number of available beds was thereby increased from 333 to 392. With more patients we have increased spending. The Ordinary Expenditure of £62,404 2s. 1d. compares with £53,567 2s. 6d. in 1937, and Extraordinary £3,725 7s. 0d. compares with £1,305 12s. 4d. The totals are £66,129 9s. 1d. for 1938, and £54,872 14s. 10d. for 1937.

Bank Overdraft.—The increase is due to payments on Capital Account. In addition to meeting some further instalments on the Miners' Welfare Block during the year, quite a considerable sum has been spent in paying this Hospital's half share of the Glossop Road site where the hospital of the future will be built.

The amount owing to the Bank may be analysed as follows :—

| | £ | s. | d. |
|-------------------------------------|---------|----|----|
| On account of Miners' Welfare Block | 37,820 | 12 | 10 |
| „ „ Tapton Court | 23,170 | 0 | 0 |
| „ „ Glossop Road Site | 11,766 | 4 | 2 |
| „ „ Pay Beds | 803 | 7 | 11 |
| | 73,560 | 4 | 11 |
| „ „ General Fund | 2,656 | 4 | 1 |
| | £76,216 | 9 | 0 |

On the Assets side of the Balance Sheet, Land, Buildings and Equipment have advanced since 1933 from £86,608 18s. 3d. to £205,413 13s. 10d., an increase of £118,804 15s. 7d.

Amalgamation.—The Royal Sheffield Infirmary and Hospital Act, 1938, is described as an Act to unite the Royal Infirmary, Sheffield, and the Sheffield Royal Hospital in one Corporation to be called the Royal Sheffield Infirmary and Hospital, and for other purposes, and is dated 2nd June, 1938. The Royal Infirmary and the Royal Hospital were dissolved as such on the 31st December, 1938, and became the Royal Sheffield Infirmary and Hospital on the 1st January, 1939. The management of the Hospital is entrusted to a Court of Management which came into office on the appointed day, viz., 1st January, 1939. With the passing, as a separate unit, of the Sheffield Royal Hospital, the Board feel they would like to tell pictorially the story of its progress from 2nd July, 1832, the day of its birth, to the 31st December, 1938, when it was merged with the older and larger Royal Infirmary. The reproduced photographs which appear on other pages are evidence of the growth from a Dispensary with no beds for in-patients, to a General Hospital with its own Convalescent Home and accommodation for 392 patients and 30 beds for paying patients.

There will be re-arrangements, no doubt, but there need be no misapprehension. Changes will come about gradually—in other words, there will be evolution, not revolution. The Hospital movement of the future, by whatever name it is called, will, we hope, guarantee to all who may be sick or injured an equal service whether through voluntary agency, statutory machinery, or a combination of the two, and irrespective of geography or the distribution of wealth or the population. If it can be brought home to everyone that the spirit which created the service will still continue to animate it in spite of adjustments and developments rendered necessary by changes in social conditions ; voluntary effort and statutory authorities will be found to work together as contented partners in a national task.

Members of the Board.—Mr. H. A. Tozer, who joined the Board of Management on the 30th May, 1934, resigned his seat on leaving Sheffield on the 6th October. He acted as Deputy Treasurer, was a member of the House Committee and was deeply interested in the welfare of children.

Obituary.—While this Report is being written news is received with deep regret of the deaths of two members of the Honorary Consulting Staff. Mr. Graham S. Simpson, F.R.C.S., who died on 19th February, 1939, joined the Resident Medical Staff in 1903 and was elected to the Honorary Staff on 23rd May, 1906. He retired on 17th September, 1934, becoming then an Honorary Consulting Surgeon and a Trustee.

Mr. Herbert Emmerson, M.R.C.S., died on 20th February, 1939. He was elected to the Honorary Staff on 27th March, 1911, and resigned on 27th July, 1927. Shortly after he was elected an Honorary Consulting Ophthalmic Surgeon.

The tragically sudden death, following a motor accident, of Professor J. W. Edington—the Honorary Bacteriologist—reaches us while this Report is in the Press. Professor Edington has been a member of the Honorary Staff of the Hospital since the 6th April, 1932.

The Board record their thanks for devoted services given to the Hospital for so many years.

Zachary Merton Home.—On the 27th August last the Zachary Merton Convalescent Home adjoining the Annexe at Fulwood was opened by the Chairman of the Zachary Merton Trust, Mr. R. M. Holland Martin, C.B. He was supported by Mr. W. H. Ansell, F.R.I.B.A., Architect to the Trustees, Mr. F. L. Miskin, Secretary to the Trustees, and a representative gathering of members of the Board and Staff and friends of the Hospital. The Home has accommodation for 48 patients: 16 men, 16 women and 16 children. The Governors gratefully acknowledge the generosity of the Trustees in making a grant of £24,000 for erecting and equipping the Home.

Both Mr. Martin and Mr. Ansell expressed gratifying approval of the fine building erected to the plan of Mr. J. Mansell Jenkinson, F.R.I.B.A., and the way the work had been carried out by the contractors, Messrs. H. M. Blenkhorne & Son, Ltd.

Annexe and Zachary Merton Convalescent Home.—During the year 1,354 patients (960 to the Annexe, 394 to the Zachary Merton Convalescent Home) were transferred from the Hospital, compared with 1,265 in 1937. The Annexe was closed from 30th August to 10th December, 1938, for internal repainting and renovating of furniture, bedding, etc. The number of beds now available at Fulwood is 93—the Annexe 45 beds, the Zachary Merton Convalescent Home 48.

New Laboratories.—The adaptation of a number of rooms on the second floor as laboratories, was completed and the fittings and equipment installed at the end of the year. The accommodation is now adequate to the present needs of the Hospital.

Million Pound Appeal.—An appeal for £1,000,000 was launched in July last by H.R.H. the Duchess of Gloucester, on behalf of the four Sheffield Voluntary Hospitals, viz., the two now constituting the amalgamated body described above, together with the Jessop Hospital for Women and the Children's Hospital. The fund will be used to finance important extensions at the Jessop and Children's Hospitals and also to purchase a site near the University and build thereon a new general hospital of some 800 beds. Hopes are entertained after the approval of the general plans, of an early start on the new site with the erection of a cancer and radium centre and a dental hospital. The whole group, together with the Medical School of the University, will form the hospital centre which will serve not only the City of Sheffield, but the large area surrounding it, to an even greater extent than in the past.

Paying Patients.—When the new block and extensions were finished and occupied, steps were taken to put the Floor for Paying Patients into use—Nursing and Domestic staffs were engaged and between the close of 1938 and the issue of this Report beds became available. Cases recommended by any consultant connected with the Sheffield Voluntary Hospitals are eligible, and facilities are given to the regular medical attendants to visit their patients. The start has been most auspicious.

The weekly fees vary from £4 4s. 0d. to £10 10s. 0d. ; the latter includes a private bathroom, etc.

The Capital cost has been £18,000 0s. 0d. Towards this, gifts amounting to £7,352 2s. 0d. have been made, and it is hoped the balance will be forthcoming.

The accounts both for capital and maintenance are being kept separate from the general Hospital funds, and no share of the expense will fall on them ; on the other hand, it is confidently hoped that benefits will result to all.

It has been decided to name the North Wing the "Fisher" wing and the South the "Davy" wing in recognition of the interest and help rendered so often to the Hospital by Miss H. S. Fisher and Mr. Arthur C. Davy, J.P.

Linen and Clothing Guild.—Over 1,100 garments, 1,000 yards of various materials, sheets, blankets, quilts, towels and dressing gowns, were received during the year. The Junior League, now 400 strong, sent in addition to garments and toys, some crockery, special tables and chairs, a fitted trolley and weighing scales for the Nursery Ward. The Board are deeply appreciative of the

value of the help they receive from the Guild and Junior League, and of the devoted service of all members, and to all they express thanks.

Improvements.—Following the occupation of the Miners' Welfare Block, a number of very necessary improvements were put in hand. New dining rooms for the nursing staff and new laboratories were provided in wards vacated and removed to the new Block. A larger Laundry is being considered. The two passenger lifts in the older part of the building need renewing. Contributions are invited to defray the expenses, viz.: Lifts, £2,000; Laundry, £4,000; Laboratories, £2,000; Dining Room, £1,000.

Christmas.—On the City's behalf the Lord Mayor (Alderman W. J. Hunter, J.P.) and the Lady Mayoress (Miss Hunter), accompanied by the Master and Mistress Cutler (Mr. and Mrs. A. J. Grant) visited each Ward of the Hospital. The Rotary Club again undertook the distribution of the Hospitals Council Christmas gifts, Rotarian W. Hardwick Tasker once again acting as Father Christmas. Carols were sung in all wards by Miss D. Waller, Miss M. Shaw, Mr. H. Baker, Mr. C. H. Jones, a quartette arranged by Miss M. Booth.

Laundry.—The number of articles washed in 1938 was 477,692 at a cost, including depreciation of machinery, of £2,067 17s. 9d., or at the rate of 1.039 pence per article.

The greater number of patients under treatment means more articles to be washed. A larger floor area is now available, and consideration is being given to proposals for increasing the usefulness of the Hospital laundry.

Blood Donors.—The Board place on record their thanks to all donors of blood, and to the Council of Social Service who have built up the organisation. There are at least twelve donors who have given blood on 24 or more occasions, a striking example of social service.

Wireless Reception.—The day-to-day maintenance of the very efficient apparatus installed as a gift by Alderman J. G. Graves, LL.D., J.P., for wireless reception throughout the Hospital and the Nurses' Home, is carried out quite gratuitously by the Alderman, his co-Trustees and the Manager and Staff of his Wireless Department. The patients join the Board in expressing thanks.

Solicitor.—The thanks of the Board are accorded to Mr. Philip J. Blake, of Messrs. Wake, Smith & Co., the Solicitor to the Hospital.

Nursing.—The supply of nurses is not yet up to normal. Candidates for training are coming forward in increased numbers, but trained staff is still not meeting the increasing needs of the Hospital. Twenty-two Nurses entered for the final State examination and were successful, twenty-eight entered for the

preliminary State examination, and twenty-seven were successful on the first entry. For the examination for the certificate for Invalid cookery at the Domestic Science College, twenty-three entered and twenty were successful. Sister S. L. Smith was appointed Sister Housekeeper in January, 1938, Sister Fensome left in June to become Sister Tutor at the Royal Lancaster Infirmary, Sisters Kilgore and Sherburn have taken the C.M.B. Sister Baker has passed the examination for Membership of the Society of Radiographers.

The Annual Reunion was held on 7th May, when a welcome was given to Miss Earle and some 200 other members.

The Nursing Staff collected £201 4s. 8d. on Alexandra Rose Day.

For the Sports Club outing, arrangements were made for visits to Scarborough and Liverpool.

The Inter-Hospital Hockey Cup, won by the Nurses' team, was presented by Captain Kenny to the team captain, Sister Crossley.

The twin problems of securing the services of the necessary number of nurses and giving them adequate training have received the full consideration of the Board and the Honorary and Administrative Staffs. In collaboration with the other Voluntary Hospitals a joint report has been prepared and it is confidently expected there will be developments in Sheffield which will put the whole matter on a broader basis. In the meantime, and as a contribution towards the ultimate plan, a training scheme for local well-educated girls on leaving school has been evolved. A Sister Tutor is in charge and the Headquarters are at the Tapton Court Nurses' Home. The scheme is for non-residents, and provides daily classes (except Sundays), recreation, and some practical experience at the Annexe and Zachary Merton Home. For the Out-Patient Department non-resident Sisters and Nurses are now on the Staff, and consideration is being given to the possibilities of allowing other Sisters to be non-resident when desired.

Everything is being done to secure efficiency and at the same time to make the nurses' careers happy and attractive.

A.R.P.—All the Nursing Staff have received lectures on anti-gas measures from Dr. K. H. Beverley.

Mr. Lord, the assistant secretary, has, after a course of training, received the Local Anti-Gas Certificate, which qualifies him to lecture. All the adult male staff have been given a course of lectures by Mr. Lord, and had decontamination instruction at the Penistone Road Gas School. The recurring international crises have given those responsible deep concern. It is desired to make full preparations in the public interest when definite and clear advice is forthcoming. A Sub-Committee under the chairmanship of Col. Middleton, has the matter in hand.

Samaritan Society.—There has been a slight increase in the number of patients helped during 1938 compared with 1937. The extra nourishment provided by the Society has been of great assistance in enabling certain patients to reap the full benefit of Hospital treatment—particularly where special diets are needed for diabetic and gastric cases. Without the Society's help it would have perhaps been impossible for some of the patients to have obtained the very necessary diets.

In many cases also, the advice and sympathy of the visitors have helped the patients through various difficulties.

The Society would be grateful for new subscribers, who should address their subscriptions to the Hon. Treasurer, Mrs. Edward Winston, Fullwood Holmes, Hope, Derbyshire.

Naming of Wards.—With the addition of three new Wards, names for them had to be considered in accordance with the usual practice of the Hospital. They will be known as :—

| | | | |
|--------------|------|------|----------------------------|
| Arthur Hall | | | Surgical Ward. |
| Fred. Osborn | | | Accident Ward. |
| Wilkinson | | | Ear, Nose and Throat Ward. |

New Medical or Surgical Preparations.—Sixty-seven new drugs or preparations were introduced during the year. It is not possible to mention them all, so only those of outstanding merit will be referred to. Of these, Uleron and M.B.693 stand out most prominently. The first is allied to the well-known Prontosil (introduced two years ago) and greatly facilitates the treatment of staphylococcal diseases, and infections caused by other organisms. The second, of a slightly different chemical nature, exerts an inhibiting action, particularly on the micro-organisms of pneumonia and meningitis.

Heparin, an English preparation, acting as an anticoagulant in blood transfusion, and another of Italian origin, have been in use in this Hospital, in perfecting the arrangements that have been made for an unrestricted blood transfusion service for this area, in case of war. It is now possible to produce synthetically Vitamins B1 and C. on a commercial scale, and although this is of recent introduction, these products are now in general use.

Of more recent introduction is Vitamin P, similar, or allied to, Vitamin C. Its therapeutic properties are now being investigated in this Hospital.

The new Anti-convulsant Epanutin is also receiving attention, and the latest oestrogenic substance, Stilboestrol. The popular oily Ephedrine nasal sprays and drops, whilst very effective, are now considered to be still more so by substituting the oily vehicle with an isotonic dextrose solution. The miscibility of such a solution with nasal secretion, is superior to one of oily nature, and there is practically no irritation to inflamed mucous membranes.

A new synthetic antispasmodic Trasentin is an addition to several other drugs of similar purpose already in use here.

Other interesting introductions of the past year are the finely divided oil-in-water emulsions, which by reason of a physical absorption of Toxins, and to a certain degree, bactericidal action, are being used in skin infections. The first of these, Emmal, apart from its local use, has also been used intravenously, in a variety of toxic conditions, whilst the second H.E.B. Emulsifying base has been so far used for the preparation of Pharmaceutical ointments in place of those vehicles normally used.

Drugs, Chemical and Surgical Dressings Requirements of 1938.—To meet the requirements of the numerous wards and departments the dispensary was called upon to provide the following:—

1,500 gallons Methylated Spirit, 253 gallons Methylated Æther, 972 Pure Anæsthetic Æther, 128,300 gals. Nitric oxide, 37,170 cub. feet of Oxygen, 480 gals. disinfectant, 5,800 syphons Soda Water, 8,000 bottles Lemonade, 16,872 x 100 unit bottles of Insulin, 350 gals. Liquid Paraffin, 10,276 lbs. Cod Liver Oil and other Malt preparations, and 1 ton Glucose.

The dispensary prepares many of the galenicals used for dispensing medicines and other preparations, in one form or another. It is not possible to give a complete list of these, only those of outstanding quantities or importance can be mentioned.

The preparations classified as Emulsions amounted to 210 gallons, Medical syrups 200 gallons, Tinctures 43 gallons, Glucose saline for Intravenous injection 889 pints, and Distilled water 800 gallons.

The total amount of Local Anæsthetic injections amounted to $28\frac{1}{2}$ gallons, of which 18 gallons were issued to the operating theatres, and $10\frac{1}{2}$ gallons to the Dental department. The Department produced in the year 942,270 tablets, and the total weight of compound powders mixed was approximately 10 cwts. Other items are Barium Meal 1,358 bottles, tubes of sterile petroleum jelly numbered 659, Imperial drink 1,500 pint bottles, Liniments 20 gallons, Liquors 25 gallons, Benedicts Solution 22 gallons. In addition to the above the dispensary prepares Ampoules, Suppositories, Eye and Ear drops, microscopic stains and test solutions, etc., etc.

To mention only a few of the dressings—we used $1\frac{3}{4}$ tons of cotton wool, one-third of a ton of white lint, 67,000 yards of white gauze and muslin, 42,000 cotton bandages, and 7,800 yards of rubber plaster.

The accommodation available for manufacture of the substances referred to above has for some time been restricted. Plans for an extension are receiving consideration.

Visit the Hospital.—Subscribers, donors, contributors and the public generally are invited to visit the Hospital to see the Wards and Special Departments. The most suitable time is between 2.0 p.m. and 3.30 p.m. on Wednesdays. Visitors are advised to ask for the Matron or the Superintendent and Secretary.

Thanks.—The Board convey their best thanks to:—The Honorary Medical and Surgical Staff for their devoted services during the year; the Honorary Secretaries and Committee of the Hospital Sunday Fund and to the Clergy and Ministers of all denominations and their congregations for their valued help on Hospital Sunday (the amount received from the Fund was £742 19s. 7d.) and for proceeds of Harvest Festival Services; the Executive Committee of Queen Alexandra Rose Day Fund, whose earnest effort resulted in a contribution of £330 14s. 5d.; the local Press for uniform kindness and ready help at all times; the Police, who always render willing service; The British Oxygen Company, Ltd., for their kindness in supplying oxygen free of charge; Messrs. Newton Chambers & Co. Ltd., for their gift of Izal throughout the year; the Council of Social Service for their valuable services in supplying blood donors; the Allotment Societies of the City and District for gifts of vegetables and flowers; the Transport Department of the City Corporation for travelling facilities for the nurses; Messrs. J. Stead & Co., for gramophone needles; Toc H, for gifts of library books and for acting as librarians to the Hospital; Mrs. Thornhill, for giving her services as Chiropodist to the nursing staff; the Organisers of the Egg Collection; the many friends who are collecting Silver Paper, from the disposal of which an amount of £7 11s. 6d. was received; Miss Fisher and Mrs. Laverick,

Mr. and Mrs. Fred M. Osborn, Mr. and Miss Barber, Mr. H. A. Tozer, Alderman J. G. Graves, LL.D., J.P., Mr. A. E. Graves, Mr. E. J. Hattersley and Mr. F. W. Brown (as Executors of the late Mrs. Harriet Nicholson) for generous gifts ; the Managers of the Lyceum, the Empire and the Regent Theatres for tickets ; Mr. I. Graham for a constant supply of Cinema Tickets ; the Employees of Messrs. JOHN WATSON, SONS & WHEATCROFT,

CHARTERED ACCOUNTANTS,

SHEFFIELD.

22nd March, 1939.

£307,083 8 2

1832—1938.

More than a hundred years have come and gone since at a small house in Tudor Place this Institution began to provide help for the sick poor. A hundred years of continued effort and progress, but an effort hampered by inadequate funds.

No matter what the future may hold, it is the duty of every citizen to do his or her share, however small, to ensure the complete security of the Hospitals ; to free them from financial anxiety and to provide their staffs with every modern facility for the relief of sickness and suffering.

If everyone who passes the Royal Hospital buildings will try to think of the daily struggle between medical science and disease going on within its walls, and then and there give or send a contribution, no matter how small, the burden of debt would be quickly lifted, and this short appeal will have fulfilled its purpose.

ANNUAL SUBSCRIBERS.

YEAR ENDED 31ST DECEMBER, 1938.

Subscriptions or Donations will be received at any time by the Treasurer, ARTHUR D. BARBER, ESQ., at the Midland Bank Ltd., Hallamshire Branch, Church Street, Sheffield; or by the Superintendent and Secretary, Mr. W. H. BOOTH, at the Royal Hospital.

It is particularly requested that those Subscribers who reside at a distance will either pay their Subscriptions to the Treasurer, ARTHUR D. BARBER, ESQ., at the Midland Bank, Limited, Hallamshire Branch, Church Street, Sheffield, or remit the same by Cheque or Post Office Order, made payable to the ROYAL HOSPITAL, SHEFFIELD, who will forward the Receipt and the In- and Out-Patients' Letters of Recommendation.

Subscriptions become due on the first day of January in each year, and are now in course of collection by the Superintendent and Secretary, Mr. W. H. Booth.

The attention of Annual Subscribers is directed to the Form of Covenant enclosed, the signing of which will enable their subscription to be increased by the amount of tax recovered.

The Fifty-Third Annual Report of the Sheffield Royal Hospital Samaritan Society.

In presenting its Fifty-third Annual Report, the Committee feel that the Society fulfils a very necessary function in helping certain patients and, therefore, the Hospital.

In spite of the amount done by Statutory Authorities, there is always a number of patients who cannot obtain necessary help, for various reasons, or cannot obtain it immediately it is needed. The Society can, and does, assist these cases.

If a patient is receiving treatment at the Hospital, and is unable to obtain adequate nourishment, or a special diet, the treatment will, in certain cases, be wasted—but, if help can be given until the patient starts work again, or until help can be obtained from other sources, the patient derives full benefit from the Hospital's treatment.

The Society has helped a few patients with the cost of eyeglasses, and in one case helped a patient with her rent whilst she was in Hospital.

Every patient assisted by the Society is visited by a member of the Committee, and the sympathy and help given by the visitors are often of great value to the patient.

There has been a slight increase in the number of patients helped this year, and many of them have been cases of long standing. More funds are needed to carry on the work of the Society—and the Committee would be grateful for new subscribers.

The Committee wish to record their thanks to Mr. Vivian Hunt for so kindly auditing the Accounts.

REPRESENTATIVE CASES.

Mrs. B. was an In-patient for several weeks. She is a widow, with no children, and was receiving help from the Public Assistance Committee, which stopped when she came into Hospital. The Society paid her rent whilst she was in Hospital, thus assuring her of a home to which to return.

G. B.—A boy, aged ten years, suffering from an incurable disease. He needed a fire in his room day and night. His father was unemployed, so the Society helped for nine months, until he died.

G. L.—An In-patient, suffering from osteomyelitis, but with a good chance of recovery provided he remained in Hospital for a long period. He was so worried about his family he said he could not remain in Hospital for long. The Society decided to help his wife with groceries whilst he was in Hospital. He then agreed to remain, and is now getting about again, and hopes to start work soon.

RULES

For the Management of the Samaritan Fund.
